Dear Members,

Summer is waning, kids are going back to school, and all of a sudden I realize that once again I did not accomplish everything that I had hoped for early this spring. It is a yearly ritual that come September, I reminisce over the activities, camp-outs, yard work, etc., that I faithfully promised to myself that would get done 'this year'. And just as faithfully I promise myself I'll do better 'next year'.

I hope each of you were able to realize the plans you made earlier this year. (And if not, maybe we'll get togherr 'next year' and "do it" together!!!!)

News items are real skimpy this month. Seems like everyone is busy trying for one last fling at summer, or getting kids ready for school, etc. If you have anything about you or other NUTS that could be included in this column next month, or anytime, let me know!!! I can be reached (occasionally) at 967-2585. Thanks!!!

DOUG, BETH, AND BRUCE GARRETT have had a hard time getting out lately, although I understand that some of Doug's nephews showed him how to operate a metal detector by finding a silver dime in his back yard!!!!

 If any members happen to attend the State Fair during the first 6 days (Sept. 9-14), be sure and stop by the Pigeon Eldg. and say howdy to your temporary editor. I'll be there from opening to closing, except for time out to eat greasy corn dogs, etc. (I'll be the one with the glassy-eyed, malnourished, and confused look.)

PAT JIVIDEN recently completed his "Wood Badge" training. This is one of the Scouting training sessions that most leaders look forward to. He spent 8 days camping out and learning many outdoor skills.

 Did you hear about **CLIFF ZIMMERMAN'S** encounter with the **POLICE DEPT.?????** Seems Cliff was involved in a scientific experiment recently where the scientists produced a **CLONE** of Cliff. Almost. Physically, they were very similar, but every-time the Clone opened his mouth, all kinds of vulgarities and obscenities came out. Needless to say, this was embarrassing!

Early this summer Cliff and Clone were visiting the Grand Canyon, and for the first time in his long life, Cliff had an evil thought cross his mind. He made sure no one was watching, then he pushed Clone over one of the rocky cliffs.

Across the way a Sheriff was watching through a telescope and he promptly came over and arrested Cliff. And you know what he was charged with????? Why, "making an obscene

Clone Fall", of course!!!! (I told you news was skimpy-don't blame me!!!!)

JOANN ROGERS and **BRUCE ROBINSON** are both eligible for jury duty this month. JoAnn has been called to serve, but I'm still waiting for my turn.

 I hope everyone got to see the Bitters Bottle that **DON GROSSAINT** brought to the picnic last month. It's "milk-glass", and even though it's not a token, it is still very collectible. Congratulations Don!!!

Last month we held our annual picnic, and about 40 people attended. Aside from a fall by Scott Martin, it was very enjoyable. We left at 9:30, and several people were still Hatchet-jawing (I hear until 11:45-).

If you missed out on this event, fear not- only 11 months until we do it again!!

If you recall, in last month's bulletin was a ballot regarding the point system and Dec. Party. The feedback concerning the point system was almost unanimous--dissolve the point system as it currently stands and give everyone tickets for the meetings they have attended for the raffle at the Dec. Party. This will be the way we will go.

On a related subject, while most people said they would support a \$25-\$30 dinner, enough voted against it to prompt a change in ideas.

Our Dec. Party will be held at "Chuck-A-Rama" on Redwood Road. The cost will be \$15.00 a couple and will include dinner (with drink and dessert), tax, tip, and we are going to buy corsages for the ladies.

We have got some real good tokens (even an unlisted r-10) and scrip already set aside for this event, so be sure to plan on coming!!!
